How it works

Getting on the Calendar

We'll respect your time; all dates & times will be set in accordance with homeowners to ensure filming is possible. **Whether we are filming in bright daylight or a cozy evening atmosphere, we will not exceed more than 2 hours in the featured space (excluding cleanup).**

3

Recipe Prep

All recipes are welcome! Local ingredients will be compensated by IVO Cabinets & Surfaces. **Ingredients should be prepared ahead of time in accordance with scheduled date and time.**

4

Cooking in the Spotlight

All IVO clients are welcome to join in the cooking fun, however, they are not required to participate. **We ask that our clients either consent to or opt out of being filmed at sign-up.**

5

Clean Up

As a professional courtesy to our clients and their space, all cleanup will be performed by IVO Cabinets & Surfaces staff and personnel post completion of each episode.
